

# Soon flying from Gothenburg

We are happy to announce that we are expanding our presence in the Nordic countries, introducing a new route from Gothenburg effective 12 December 2018.

Starting 12 December, Qatar Airways will have five weekly flights on Mondays, Wednesdays, Thursdays, Saturdays and Sundays from Gothenburg. The flights will be operated by the state-of-the-art Boeing 787 Dreamliner.

Passengers will now benefit from our second gateway from Sweden with connections to popular leisure and business destinations across the world including Bangkok, Sri Lanka, Cape Town, Sydney, Singapore, Bali and Phuket.
